ANNUAL PUBLIC AUTHORITY REPORT - 2016**

MONROE COUNTY AIRPORT AUTHORITY ANNUAL PUBLIC AUTHORITY REPORT – 2016

ORGANIZATION AND PURPOSE

The Monroe County Airport Authority (the Authority) is a public benefit corporation that was created to finance, construct, develop, operate, and maintain aviation and other related facilities and services within the County of Monroe (the County). The Authority is organized under the Public Authorities Law of the State of New York. The oversight body is the Authority board, which is approved by the County Legislature on the recommendation of the County Executive. The Authority leases the Greater Rochester International Airport (the Airport) from the County and operates under the terms of a trust indenture dated September 15, 1989, as amended.

The Authority's address is 1200 Brooks Avenue, Rochester, New York. Its website can be viewed at <http://www.monroecounty.gov/airport-MCAA.php>.

DESCRIPTION OF AUTHORITY BOARD

The Authority board shall consist of seven members appointed by the County Executive, provided that two such members shall be appointed upon the written recommendation of the President of the County Legislature. Regular meetings are held bi-monthly with the annual meeting in March. Special Meetings are conducted on an as needed basis. Standing Committees include an Audit Committee, Governance Committee and a Finance Committee. Meeting minutes and attendance can be found on the Authority's website.

A summary of each Board Members committee involvement and the Board's annual self-evaluation can be found in [Exhibit A](#).

MISSION

The mission of the Authority is to ensure that the Airport provides safe, efficient and economical air transportation for the traveling public and promotes economic development, trade and tourism throughout the Greater Rochester area.

The Authority will continue to optimize the use of airport facilities in order to enhance and expand business development and to foster economic growth in our region.

The performance measure report is attached to this report as [Exhibit B](#).

OPERATIONS AND ACCOMPLISHMENTS

In its sixty-eighth year of operation, the Greater Rochester International Airport (ROC) remains a positive force in the sustainability of our local economy. ROC's regional, national and international connectivity makes our hometown airport the community's gateway to the world.

ROC is responsible for creating and sustaining 9,998 jobs, generating \$295 million in income, and contributing over \$800 million to our local economy each year.

Nearly 2.4 million passengers were served by ROC in 2016. Total aircraft operations (commercial, military, corporate and general aviation) in 2016 were 79,821. ROC offered an average of 3,952 seats per day or 27,815 seats per week to eighteen airport destinations on seven carriers.

The 2016 adopted budget of \$33.2 million was an 8.9% decrease over the 2015 amended budget. Due to the excellent stewardship of the Authority Board along with the cost cutting strategies implemented throughout the year, the actual expended by the Authority was \$29.9 million or 10% under budget. The strong commitment to seek new or additional non-airline revenue sources as well as continuing to look for ways of reducing operating costs remains strong and will continue into 2017. The Authority values its Airline partners and wants to demonstrate their commitment by operating this facility as efficiently as possible while maintaining a superior level of safety and security.

Cost per enplanement decreased by 9.2% from \$10.42 in 2015 to \$9.46 in 2016. The Terminal Base Rental Rate decreased by 21.2% from \$37.32 in 2015 to \$29.40 in 2016.

ROC was the very first winner of the state-wide competition through the submission of a transformative infrastructure project proposal that resulted in a maximum project award of \$39.8 million from New York State Department of Transportation (NYSDOT) for the Upstate Airport Economic Development & Revitalization Solicitation.

Southwest Airlines extended the twice, daily non-stop service from ROC to Orlando (MCO) and Tampa (TPA) representing a 32% increase in seats (nearly 4,000 more seats) as compared to the year prior for area travelers to Florida markets. Nationwide in 2016, aviation industry load factors were high; likewise for ROC load factors were the highest on record at 82.8%.

In terms of average domestic airfare comparisons (USDOT, Bureau of Transportation Statistics, 1Q-3Q 2016) ROC fared just above the national average at \$361 and better than thruway like-size competitors Syracuse \$400 and Albany \$405. The average cost of airfare from ROC has decreased 39% over the last 20 years.

\$11.93 million in Airfield and Terminal Improvements were completed to include: completion of the Airport Viaduct Rehabilitation, the elevated roadway that traverses the front of the passenger terminal; relocation of Taxiway H to eliminate non-standard taxiway geometry as recommended by the Airport Master Plan to improve aircraft safety; completion of the new Parking Revenue Control System; design and implementation of construction of a facility to store collected aircraft deicing fluids and manage discharge of fluids to the sewage treatment plant; acquisition of three refurbished passenger loading bridges; finalization of design and advanced procurement of the new building energy management system; delivery of a 3,000 gallon Airport Rescue and Fire

Fighting (ARFF) vehicle; delivery of scheduled replacement equipment to be used for snow removal; continued construction of arrival level restroom renovations; and completion of security related renovations that created an employee access control point and streamlines employee badging services.

FINANCIAL REPORT

The Authority's financial statements and the Independent Auditors' Report are included in this report as Exhibit C.

INVESTMENT REPORT

The Authority has made no changes or amendments to the Investment Guidelines adopted on March 27, 2013. In addition, no fees have been paid to investment bankers, brokers, agents or advisors during 2016. The Authority's interest revenue for 2016 was \$38,000.

The Authority's Independent Auditors' have issued a report on compliance with the Investment Guidelines. That report on compliance is included in this report as Exhibit D.

PENDING LITIGATION REPORT

The Authority's material pending litigation report is included in this report as Exhibit E.

SCHEDULE OF BONDS AND NOTES

The 1989 Series Bonds were the original debt issuance pursuant to the indenture, the purpose of which was to provide financing for the original construction of the Airport.

In October 1999, the Authority issued Revenue Refunding Bonds to partially refund outstanding 1989 Series Bonds. The proceeds received, net of bond discount and issuance costs were used to purchase U.S. Government securities to refund the 1989 Series Bonds.

The 1999 Series Bonds are not subject to redemption prior to their maturity.

In June 1993, the Authority issued Revenue Refunding Bonds to partially refund outstanding 1989 Series Bonds. The proceeds received, net of bond discount and issuance costs, were used to purchase U.S. Government securities to refund the 1989 Series Bonds, including an additional reserve requirement representing a deferred amount on refunding. The deferred amount on the refunding was being amortized over the term of the 1993 Series Bonds.

In March 2004, the Authority issued Revenue Refunding Bonds to refund the outstanding 1993 Series Bonds. The proceeds received, net of bond discount and issuance costs were used to purchase U.S. Government securities. The transaction resulted in a deferred amount on refunding to the Authority related to the difference between the reacquisition price and the net carrying amount of the 1993 Series Bonds at the date of issuance of the 2004 Series Bonds of \$2.1 million. This deferred amount on refunding is being amortized over the term of the Series 2004 Bonds.

The Series 2004 Bonds maturing after January 1, 2016, are subject to redemption by the Authority, in whole or in part, at any interest payment date on or after January 1, 2016.

The indenture pledges certain revenues and other income collected by the Authority, primarily for payment of principal and interest on the bonds. The indenture also requires the establishment of various trust funds to be held by the trustee and by the Authority.

Management believes the Authority is in compliance with all covenants under the indenture.

The indenture between the Authority and the trustee dated September 15, 1989, as amended, provides for the creation and maintenance of several bank subaccounts related to the debt issues. These subaccounts are aggregately reflected as a part of net assets in the accompanying statement of net assets.

A brief description of each of these subaccounts is as follows:

Revenue Account - Represents revenues of the Authority, net of certain transfers to the other accounts created under the indenture. The amounts designated for this account are included in unrestricted cash and cash equivalents in the accompanying statements of net assets.

INDEPENDENT AUDITOR'S REPORT

March 29, 2017

To the Members of
Monroe County Airport Authority:

We have audited, in accordance with auditing standards generally accepted in the United States, the financial statements of the Monroe County Airport Authority (the Authority) (a public benefit corporation of the State of New York and a discretely presented component unit of the County of Monroe, New York), which comprise the statements of net position as of December 31, 2016 and 2015, and the related statements of revenues, expenses, and change in net position and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated March 29, 2017.

In connection with our audit, nothing came to our attention that caused us to believe that the Authority failed to comply with its own investment policy initially adopted on March 24, 2010. However, our audit was not directed primarily towards obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Authority's noncompliance with its investment policy, insofar as it relates to accounting matters.

This report is intended solely for the information and use of the Board of Directors and management of the Authority and the New York State Authorities Budget Office, and is not intended to be and should not be used by anyone other than these specified parties.

§ 2759. Bonds of the authority

1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed two hundred million dollars (\$200,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than two hundred million dollars (\$200,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of

outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide.

Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect a satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales.

The private or public bond sale guidelines set by the authority shall include, but not be limited to a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for private or public bond sales conducted pursuant to a request for proposal process undertaken at least once annually and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the comptroller.

The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request therefor.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues, other moneys or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

§ 2760. Remedies of bondholders

Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding, shall in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

3. Such trustee shall in addition to the foregoing have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incident to the general representation of bondholders in the enforcement and protection of their rights.

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all moneys and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the authority is under obligation to do, and operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the project.

§ 2761. State and county not liable on authority bonds

Neither the state nor the county shall be liable on the bonds of the authority and such bonds shall not be a debt of the state or the county, and such bonds shall contain on the face thereof a statement to such effect.

§ 2762. Moneys of the authority

All moneys of the authority from whatever source derived shall be paid to the treasurer of the authority and shall be deposited forthwith in a bank or banks designated by the authority. The moneys in such accounts shall be paid out on check of the treasurer upon requisition by such person or persons as the authority may authorize to make such requisitions. All deposits of such moneys shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such moneys shall be deposited in interest bearing

accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of [section ninety-eight-a of the state finance law](#). Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

§ 2763. Bonds legal investment for fiduciaries

The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. Notwithstanding other provisions of law, the bonds are also hereby made securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities for any purposes for which the deposit of bonds or other obligations of this state is now or hereafter may be authorized.

§ 2764. Agreement with state

The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

§ 2765. Agreement with county

The county is authorized to pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the county will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any agreements made with the holders of the bonds or with any public corporation or person with reference to such project or part thereof, or in any way impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority.

§ 2766. Exemption from taxes, assessments and certain fees

1. The authority shall not be required to pay any fees, taxes, special ad valorem levies or assessments, whether state or local, including but not limited to fees, taxes, special ad valorem levies or assessments on real property, franchise taxes, sales taxes or other excise taxes, upon any property owned by it or under its jurisdiction, control or supervision, or upon the uses thereof, or upon its activities in the operation and maintenance of its facilities or any fares, tolls, rentals, rates, charges, fees, revenues or other income received by the authority. Notwithstanding the previous sentence, the authority shall be required to pay water and pure water fees or charges imposed by any public corporation. The authority shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

§ 2767. Actions against authority

1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority, its members, officers, or employees for personal injury or

damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (i) a notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with [section fifty-e of the general municipal law](#), (ii) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (iii) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (iv) an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of [section fifty-h of the general municipal law](#).

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by [section five thousand four of the civil practice law and rules](#). Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

§ 2768. Contracts

All contracts for construction shall be let by the authority in conformity with the applicable provisions of [section one hundred thirty-five of the state finance law](#) and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours. In the case of industrial projects, whenever the authority determines that trade secrets or other confidential information about the prospective project occupant's business operations, products, processes or designs would be revealed by public bidding, the requirements of [section one hundred thirty-five of the state finance law](#) with respect to public bidding may be waived. In such event, separate specifications shall be prepared for, and separate and

independent contracts shall be entered into, for the following three subdivisions of work to be performed: (a) plumbing and gas fitting; (b) steam heating, hot water heating, ventilating and air conditioning apparatus; and (c) electric wiring and standard illuminating fixtures. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

§ 2769. Interest in contracts prohibited

It shall be a misdemeanor for any member, officer or employee of the authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

§ 2770. Agreements relating to payment in lieu of taxes

1. For the purposes of this section, such public aviation purposes shall include without limitation air terminal facilities, parking facilities, fuel facilities, maintenance facilities, and facilities for the loading, unloading, holding, interchange or transfer of passengers, freight, baggage or cargo.

3. In the event that any real property owned by the authority is used or is to be used by the authority or a lessee thereof for purposes other than public aviation purposes, the authority, or lessee thereof, as the case may be, shall enter into agreements with any municipality of the state to pay annual sums in lieu of taxes in respect of such real property located in such municipality. For the purposes of this section, such purposes other than public aviation purposes shall include without limitation hotels, motels, restaurants and retail stores and concessions not located within any air terminal building, office buildings to the extent not used by the authority or any other public corporation for its own corporate purposes, and such other buildings and improvements as determined by the authority to be not exclusively for public aviation purposes.

The authority shall determine (i) the amount of such annual payments in lieu of taxes, (ii) whether the use of such property is for purposes other than public aviation purposes and (iii) the extent to which such property is used for purposes other than public aviation purposes. In making such determinations the authority shall take into consideration the recommendations, if any, of the county.

§ 2771. Audit and annual report

§ 2772. Limited liability

Neither members, officers or employees of the authority, nor any municipality, or an officer or employee thereof acting on behalf of the authority, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in this title provided, however, that this section shall not be held to apply to any independent contractor.

§ 2773. Transfer of applications, proceedings, approvals and permits

1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, the state department of environmental conservation, the state department of transportation or any other public corporation shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application, review, process or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person

leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility financed in whole or in part by the authority.

§ 2774. Separability

If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

§ 2775. Effect of inconsistent provisions

In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of the county charter or any local law, charter, ordinance or resolution of the county or any other municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.
