County Clerk Jamie Romeo Brings Mobile DMV Unit to Cameron Community Ministries

(Rochester NY) – The Monroe County Mobile DMV Unit visited the Cameron Community Ministries on Tuesday April 16th, expanding on County Clerk Jamie Romeo’s commitment to bringing Mobile DMV services to local communities that need it the most.

“The Mobile DMV Unit is a powerful tool to expand access and provide opportunities to residents who may struggle to visit a brick and mortar DMV,” according to Monroe County Clerk Jamie Romeo. “Cameron Community Ministries is a long-standing community leader and the County Clerk’s Office is proud to collaborate with them. Access to a valid NYS ID is essential for so many aspects of daily life, and we are thankful for this new partnership that brings these resources to communities that need them.”

"Cameron is pleased to be a part of the collaboration with the County Clerk's office to bring The Mobile DMV unit to the Lyell-Otis neighborhood," said Cameron Community Ministries Executive Director Olivia Kassoum-Amadou. "Barriers to transportation are reduced when Monroe County residents can access services in the communities where they reside. A valid NYS ID is necessary for every facet of an individual's life and we are pleased to provide this service at Cameron."
