

REDUCING LEAD HAZARDS IN YOUR HOME

CAN RENOVATION OF PRE-1960 HOMES BE HAZARDOUS TO YOU AND YOUR CHILD'S HEALTH?

YES

- ◆ **Renovation, even simple scraping of leaded paint can cause the generation of lead dust.**
- ◆ **Never sand a leaded surface – the risk of exposure is from dust generation is great not only to your children but also to yourself and pets.**
- ◆ **BEFORE DISTURBING LEAD PAINT, READ “NEW YORK STATE DEPARTMENT of HEALTH RENOVATION GUIDLINES”.**
